Remarks:

*Regarding the Examiner's 'restriction requirement':*

The amended claims present in this paper are believed to substantively respond to the Examiner's requirement to elect between "species" (i) wherein a single bond is present between C1 and C2, as well as specified R<sup>1</sup>, R<sup>2</sup>, R<sup>3</sup>, R<sup>4</sup> and R<sup>5</sup> moieties, and "species" (ii) wherein a double bond is present between C1 and C2, as well as specified R<sup>1</sup>, R<sup>2</sup>, R<sup>3</sup>, R<sup>4</sup> and R<sup>5</sup> moieties.

The applicant's cancellation of subject matter in independent claims 1 and 8 is believed to be a suitable response to the Examiner's requirement; nonetheless the applicant TRAVERSES the Examiner's requirement for an election between "species" (i) and (ii) as the applicant believes that a single search could be carried out by the Examiner to the full scope of originally filed claims 1 and 8 presented in the prior *Preliminary Amendment* filed with the application without requiring an undue search.

The applicant's amendment of claims 2 and 9 as presented above is also believed to be suitable response to the Examiner's requirement for election of a Markush group.

Should the Examiner believe that telephonic communication will advance the prosecution of the present application they are invited to telephone the undersigned at their convenience.

CONDITIONAL AUTHORIZATION FOR FEES

Should any further fee be required by the Commissioner in order to permit the timely entry of this paper, including any extension of time fees, the Commissioner is authorized to charge any such fee to Deposit Account No. 14-1263.
